The Greatest Strike.

Among the great strikes that of Dr. Miles in discovering his New Heart Cure has proven itself to be one of the most important. The demand for it has become astonishing already the treatment of heart disease is being revolutionized, and many unexpected cures effected. It soon relieves short breath, fluttering, pains in side, arm, shoulder, weak and hungry spells, oppression, swelling of ankles, smothering and heavy dropsy. Dr. Miles' book on Heart and Nervous disease, free. The unsquealed New Heart Cure is sold and guaranteed by J. W. Gayle, also his Restorative Nervine for headache, fits, apnea, hot flashes, nervous chill, epium habit, etc.

Jett.

Cool, damp and cloudy. The singing school closed last Thursday night.

Mrs. Allen, of Woodford county, is visiting Mrs. Mattie Shaw.

They say that J. D. B. Q. will take a fair one for his life partner on the 15th.

The festive drummers have held our town for the past two or three days.

Mrs. Margaret Quinn and daughter, Miss Magdoe, are thinking of moving to Louisville to live.

We now have a large petition on hand to secure a voting poll and we will ask the County Court for same.

Euchre parties are all the go out here; there is a game in full blast every night at the residence of some of the members.

There will be a large sale of horse stock at the Hancock sale, on the 9th. It will pay some one to get Trist, Leidekrantz, etc.

Mr. G. L. Jackson, of Atlanta, Ga., who owns the star route from Jett to Millville, was in our town last Monday, but no one here would take the route of his hands.

Noticing G. L. W.'s letter in the Times of March 1st, in regard to the tobacco raiser and land owner, I think it would have been better to have had a talk with the tenants, rather than examine the Auditor's report, etc. Now the truth of the whole matter is G. L. W. is off his base when he says the land owners sell the mint julep, etc., when really it is more often the case that the tenant does so. As for the tenants that have been in this neighborhood, none have been dissatisfied but those who would not try to make a good crop and hence good money.

The land owner furnishes house, fire wood, horses and feed, and very often pasture for from two to six head of stock. I know tobacco raisers who have made money every year raising tobacco on the half share. I know one who came here who was a thrifty hard worker. When he came he had about \$100—stayed 4 years in the neighborhood and left with nearly \$2000 in hard cash; also another who has or is going to buy a farm this spring and has raised only two crops in this vicinity; still another man, who has a large family, bought a lot and built a nice house in Frankfort, after raising two crops of tobacco. I could keep on telling of the prosperity of the tobacco raiser who attends to business and sees that his crops are not neglected, and does not stand every county court or go off toiling or hunting.

All the good, a number one tobacco raisers that I have heard say anything about it, say that with good land they can make more money raising the burley on the half than any other crop they have ever tackled.

Now as to those who come out in debt at the end of the year, they are those who do not make every edge out and who are to some extent more extravagant than others and always ready for a hunt, fish, picnicing or visiting their wives' people.

We will tell you more some other time why some tobacco raisers makes less than others and come out in debt.

The People's Preference.

"The people of this vicinity insist on having Chamberlain's Cough Remedy and do not want any other," says John V. Bishop, of Portland Mills, Indiana. The reason is because they have found it superior to any other, especially for the grip and the cough which so often follows an attack of the grip. 25 and 50 cent bottles for sale by J. W. Gayle, Druggist.

A New State House.

At every session of the General Assembly there is an immense amount of buncombe on the question of Capital removal, and the State loses many dollars by it—a fact that has been conceded by common con-

sant for many years. If the fool-killers fail to visit Frankfort this year, and the man with his little removal bill persists in boring the public with it, the thing to do is to decorate the table with the same, and then the question will be settled, for the Constitution provides that unless the Assembly shall locate the Capital somewhere else it shall remain permanently at Frankfort. Kentucky has entered upon an era of unprecedented prosperity. Development and improvement are witnessed everywhere. The State should have a Capitol that would symbolize her greatness, and the initiatory steps should be taken at the present session.—Carrollton Democrat.

To Be Given Away.

Our enterprising druggist J. W. Gayle who carries the finest stock of drugs, perfumeries, toilet articles, brushes, sponges, etc., is giving away a large number of trial bottles of Dr. Miles' celebrated Restorative Nervine. Guarantees it to cure headache, dizziness, nervous prostration, sleeplessness, the ill effects of spirits, tobacco, coffee, etc. Druggists say it is the greatest seller they ever knew, and is universally satisfactory. They also guarantee Dr. Miles' New Heart Cure in all cases of nervous or organic heart disease, palpitation, pain in side, etc. Fine book on "Nervous and Heart Disease" free.

SARAH JANE.

Watching the Hour-glass.

As a miser counts his gold, night and day,

So I count the minutes told in the glass;

My eye is dim, my hair is thin and gray,

And I know I'm growing old as they pass.

When we approach "the aere and yellow leaf" of our days, we are prone to look back regretfully. A clear conscience and sound health will lighten our gloomy reflections. Health is the greatest blessing—Dr. Pierce's Golden Medical Discovery the greatest medicine. It arrests the progress of lung and scrofulous diseases, and cures consumption or lung-fercula, if taken in time. It is the king of liver invigorators and blood-purifiers, and a powerful tonic, building up the debilitated patient to perfect health. Contains no alcohol.

Reduced the Rates.

The Kentucky Midland will on the 15th reduce the rates of fare to a basis of three cents a mile to all points on its line, which is the standard rate. This will reduce the rate from this city to Cincinnati, Georgetown and Paris from ten to twenty cents.

Oh, What a Cough.

Will you heed the warning; the signal perhaps of the sure approach of that more terrible disease Consumption? Ask yourself if you can afford, for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shilo's Cure will cure your cough. It never fails. This explains why more than a Million Bottles were sold the past year. It relieves croup and whooping cough at once. Mothers, do not be without it. For lame back, side or chest use Shilo's Porous Plaster. Sold by J. W. GAYLE.

Residence Burned.

The residence of Mr. O. S. Walcutt, about two miles from this city, on the Louisville turnpike, together with its contents, was destroyed by fire about 12 o'clock on Thursday night. The fire was occasioned by the explosion of a lamp.

Children Cry for Pitcher's Castoria.

Prize Fight.

A prize fight took place about two o'clock Sunday morning in Penn's barn, near Georgetown between Tom Ward, of Cincinnati, who has been making his home in this city for a year past, and Otis Hester, of Covington. The mill was arranged by some sports in this city, who put up a purse of two hundred dollars—one hundred and fifty dollars to the winner and fifty dollars to the loser—in order to induce the two men to hammer each other up.

The party left this city about ten o'clock Saturday night, and it is said every vehicle in the livery stables here were brought into requisition to convey them to the scene of the fight. Twenty-one rounds are said to have been fought and Ward was declared the winner, though both men were badly used up. Skin-tight gloves were used, and the fight was according to the Marquis of Queensbury rules. Ward returned here after the fight, but has been keeping himself very shady since, and it is said has disappeared entirely.

It is remarkable how so many people know all the particulars of the fight, and yet at the same time everyone of them claim to have been in the city when the fight is said to have taken place.

Hester, the fellow who got licked, made a vigorous kick when he got home, as is shown by the following from the Covington Commonwealth:

Otis Hester and his trainer both are loud and bitter in their complaints at the alleged sports who were at the scientific contest between Hester and Ward at Georgetown. Hester, the Covington boy, had Ward licked after the first round, when those who had put up a few dollars, pulled and poked their revolvers in the little Covington lad's face, and threatened to let out his lights if he did not give in and let Ward win.

The two boys had gone there expecting to meet gentlemen, but run into a gang that would not stand comparison with Bucktown rowdies or Millcreek toughs. Hester can knock the life out of Ward, and the Occidental Club of this city will put up \$500 to that effect, but the fight must take place among sports and not sharks.

The Grippe Raging in Alabama.

"La grippe is raging here, and I had Chamberlain's Cough Remedy to be a certain cure for it," says W. G. Johns, of Trimble, Cullman Co., Ala. Mr. Johns ordered a supply of the Remedy to be shipped by express as quickly as possible. There is no question but this Remedy is of great value in the treatment of the grip especially on account of its counteracting any tendency of the disease towards pneumonia. It is also a prompt and certain cure for the cough which usually follows an attack of the grip. 25 and 50 cent bottles for sale by J. W. GAYLE, Druggist. 25-45.

Death of Mr. Crumbaugh.

On another page of this paper appears a notice of Mr. John Crumbaugh falling into the fire and burning himself, and since that form went to press Mr. Crumbaugh has passed away. He died from his injuries yesterday morning at 11 o'clock, aged 83 years. Mr. Crumbaugh was born in Fayette county, but has been a resident of this city for over sixty years. He raised a large family of children to man and womanhood and all of them except one, Mr. Henry Crumbaugh, of Shelby county, have preceded him to the tomb. The aged partner of the joys and sorrows of his long life still survives him, and to her go out the hearts of our citizens in deepest sympathy.

"Oh speak, ye ghosts of the dead, and say what killed you?" The answer came, borne on the fierce east wind: "Cold cold cold!" Then let us be thankful that since then, we have Dr. Bull's Cough Syrup.

The Jetts Bible Reading Society.

The following report made to the Jetts Bible Reading Society by Mr. L. A. Trumbo on the 7th of February, 1892, gives an account of good work accomplished by a few Christian people begun in a small way in a country village, where there are no other regular religious services held. Since the report was made the membership has increased from 163 to 175.

The Society was organized Sunday November 4th, 1888, at Jetts Ky., by J. R. Shaw, O. M. Furr, G. H. Jett, J. W. Crutcher, B. J. Fogg, A. D. Jett, W. G. Hearn, W. W. Jett, Jr., P. Perham, J. D. Quinn, O. M. Shaw, and J. J. Taylor.

Our first meeting was held in the White School-house, but on January 7th, 1889, we changed to the private office of Mr. Shaw. We held our regular meetings here until April, 1891, when we moved into our present house. This house was purchased from Mr. H. P. Mason, at a cost of nearly four hundred dollars and upon which we have made a payment of two-thirds of the amount. The house seats over one hundred people, but at present we have only purchased 72 chairs, which are both neat looking and comfortable.

To-night we have been reading 3 years, 3 months and 3 days, having read the Bible through in this time (by reading one chapter each day).

Of the 12 members of Nov. 4th, 1888, only 5 have read the Bible through with us, while 9 others joined later, have brought the number up to 14, as the ones who have read the Bible through. We have the following names of those who read: J. R. Shaw, Jett, O. M. Furr, Frankfort; G. H. Jett, B. J. Fogg, O. M. Shaw, L. A. Trumbo, Jett, Mrs. Sallie Shaw, Frankfort; Miss Marian Jett, Mrs. Emma Goin, Mrs. Sallie Jett, Miss Pearl Edwards, Miss Ermina Jett, Miss Bessie Jett, and Miss Myrtle Jett, Jetts Ky.

Beginning with the 12 members on Nov. 4th, 1888, we had on Jan. 1st, 1889, 36 members; Jan. 1st, 1890, 57 members, an increase of 21; Jan. 1st, 1891, 130 members, an increase of 73; Jan. 1st, 1892, 168 members, an increase of 38; Feb. 7th, 1892, 168 members, an increase of 4.

I find of these 168 members Kentucky has 154; Texas, 2; Louisiana, 1; Ohio, 1; New York, 1; Mississippi, 1; Indiana, 1; Illinois, 1; Virginia, 1; Of the 154 in Kentucky, Jetts has 96; Frankfort, 10; Millville, 11; Versailles, 10; Ducker, 6; Louisville, 6; Yarnellton, 2; Lexington, 2; Polgrove Landing, 1; Floydwood, 1; Middleborough, 1; Mr. Sterling, 1; Mayville, 1; Switzer, 1.

Of the 163 members 76 are males and 87 females, with one death to record.

The object of this society is to promote the study of the Bible, and the duties of citizenship is to read at least one chapter in the Bible each day. The society is not run by any one church, as we have four different denominations and 12 members who do not belong to any. Are we doing any good? Come and see, and you will be able to answer the question with ease.

Ethan Allen, Jr.

Mr. S. B. Woodward, of Saratoga, who sold Ethan Allen, Jr., to Mr. W. T. Withers several years ago, says, "Twenty-seven years' experience in using Quinn's Ointment has fully demonstrated that it is the most reliable remedy I know of. I recommend it to all horsemen."

Trading on Nickles.

On the first of September, 1891, Mr. S. C. Bul, Superintendent of the First Presbyterian Sunday-school, proposed to furnish each teacher and scholar in the school with a brand new nickle if they would agree to take them and trade upon them until the

first Sunday in March, 1892, at which time a report of the trading was to be made, one-half of the fund raised to be used for the benefit of the Lees-town Mission School and the other half to go to the evangelical fund of the Presbyterian Church in the State. Some eighty odd teachers and scholars came forward and received a nickle each, and the report of how much has been made by the transactions will be read just before the sermon at the First Presbyterian Church to-morrow morning.

We understand that many of the little ones have turned their nickles over and over again until they have made quite a large sum.

Shiloh's Consumption Cure.

This is beyond question the most successful Cough Medicine we have ever sold, a few doses invariably cure the worst cases of Cough, Croup and Bronchitis, while its wonderful success in the cure of Consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a cough we earnestly ask you to try it. Price 10c, 50c, and \$1. If your lungs are sore, chest or back lame, use Shiloh's Porous Plaster. Sold by J. W. GAYLE.

Piping the Water to Town.

Mr. John T. Buckley has the contract for piping the sulphur water from the Murray well to the bath house Mr. Jas. A. Murray will erect on the corner of Broadway and Wilkinson streets, and on yesterday put down eight hundred feet of casing pipe in the well to shut off the surface water, and to which the pipes to bring the water into the city will be attached. Since the pipes have been put down the water which comes from the well has risen in temperature until it is nearly milk warm, whereas heretofore it has been very cold.

Street Cleaners.

Under the new arrangement between the city and the work-house, keeper the prisoners confined in that institution are now used in cleaning up the streets, which is a much better arrangement than the old way. Under the old law the property holders were required to clean up the streets in front of their property, and when the City Marshal notified them to do so those who felt inclined obeyed the order and those who did not paid no attention to it. The result of it was that about half of a street was cleaned while the balance of it was left untouched. Heretofore the prop- holders or their tenants paid the expense of scraping up and carting the dirt away, now the city attends to the whole business. A first-rate move, gentlemen of the Council, and it is to be hoped the streets will be kept in better condition than they have been for some time.

This reception was one of the most elaborate that has been given here during the season.

Clara Morris.

The supremacy of Clara Morris in the line of what is generally termed the emotional drama is acknowledged by all. There are phases in the enactment of a drama calling for the display of intense feeling that no other living actress can portray with the power and literalness of Clara Morris. Ranking first among American artists in originality of intellect, she is second to none in individuality of character. Her appearance at the Opera House next Saturday evening, March 15th, will be under the most favorable circumstances, the most important of which is her complete restoration to health. Her performances are brighter, quicker and more powerful than ever before.

On the occasion of this visit Miss Morris will be seen in *Le Nozze di Figaro*, a play peculiarly adapted for a display of those qualities which have earned for her the title of "The great exponent of the emotions." Miss Morris travels in her own special car and is surrounded by one of the most efficient companies ever assembled together.

FRANKFORT ROUNDABOUT

FRANKFORT, MAR. 4, 1892.

The Dread Disease.

Scarlet fever, in a mild form, has made its appearance in this city. We have heard of three cases so far, and it is to be hoped that it will not spread among the little ones of the city.

Card Party.

Mrs. Ed. Hensley and daughter, Mrs. Colahan, entertained their lady friends at their home on Ann street, Saturday afternoon from 5 to 8 o'clock. The prizes were won by Mrs. Wm. Saffill and Mrs. D. M. McHenry.

Seriously Burned.

Mr. John Crumbaugh, one of the oldest residents of the city, fell into the fire at his home on Holmes street Saturday, from weakness, and was severely burned. Owing to his extreme age it is feared that he will never be well again.

When Your Liver

Is torpid and sluggish, you cannot do business successfully. Everything goes wrong. You don't feel well. Get your liver in good working order by using Dr. Hale's Household Tea, the great blood purifier and nerve tonic. It has no equal as a health restorer. For sale at Carpenter's South Side Drug Store.

Death of Mrs. Nicol.

Mrs. Mary Nicol, widow of the late R. H. Nicol, died at her home on the L. & N. Railroad, one mile west of the city, Tuesday morning. She had been an invalid for many years. The funeral took place Wednesday afternoon and the burial was private.

The Mikado.

Prof. Wayland Graham will repeat the opera "Mikado" in this city about the first of June, with a strong cast and chorus of sixty voices. Rehearsals were begun last Tuesday, and another one will take place next Tuesday night at his hall, on Madison street.

An Important Difference.

To make it apparent to thousands, who think themselves ill, that they are not affected with any disease, but that the system simply needs cleansing, is to bring comfort home to their heads, as a cooing condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co.

A Counterfeiter Confesses.

Thos. J. Rudder, the man arrested at Midway last week, charged with counterfeiting, and brought to jail in this city, has made a full confession to Commissioner Chinn, in which he implicates S. C. Wilhoit and son, Ike Wilhoit, Merritt Simpson and H. E. Riggs, all of Midway, as associated with him.

Rudder claims that he was an employee and tool of S. C. Wilhoit, who employed him to make molds for him; that Wilhoit rented the house he lived in and used the back part of it as a shop in which to cast the

counterfeit money; that Riggs was employed to scatter the money after it was made, and that Ike Wilhoit and Simpson were interested in the proceeds. He says S. C. Wilhoit conducted the correspondence in his (Rudder's) name and made him do the purchasing of all the material, paying him a regular salary for what he did.

The two Wilhoits and Riggs were arrested Saturday by Deputy U. S. Marshal Con. McCarthy and lodged in jail here, but Simpson was confined to bed and could not be moved.

Scooped The Old Man.

Miss Lottie Case, a young lady 22 years of age, sued Jeff Bryant, a widower aged 60, for breach of promise in the Bourbon Circuit Court, claiming \$10,000 damages. The case was tried last week and the jury gave her four thousand. The old man is uglier than home-made sin. On the witness stand he gave the following account of how he "popped" the question: "We were riding along the pike in a buggy and I said, Lottie, would you marry if you had a good chance?" and she looked up and said: "I would." I then said, "how would I suit you," and she said "first-rate," and I said "all right." Not very poetic, but very business like.

Dr. Hale's Household Cough Cure

Is a purely vegetable remedy prepared from rare medicinal plants, a perfect remedy for coughs, colds, hoarseness, loss of voice, whooping cough, croup, etc., the first stages of consumption, allays all soreness of the lungs and chest, and gives perfect satisfaction. It is the greatest medicine of the age to strengthen the lung tissue. 25 and 50c. per bottle, at Carpenter's South Side Drug store.

Will Put in Electric Light.

Mr. Jerome Weitzel has ordered, and will put up in a short time, an electric light plant at the Capital Hotel for the purpose of generating light for the house. The wires are now being strung and incandescent burners put up all over the house. This will be a great improvement, as a beautiful light will be obtained and there will be no danger of any of the guests of the hotel being asphyxiated by the miserable gas which is now being supplied to consumers.

Judge Young's Successor.

Gov. Brown, on Wednesday, appointed J. Harry Brent, Esq., of Paris, as Judge of the Superior Court to fill the vacancy occasioned by the death of Judge Van B. Young. Judge Brent was a candidate for the nomination before the Democratic convention at Lexington which named Judge Young for the position, and made a stubborn and prolonged fight for it.

The best of all ways
To lighten our days,
Is to use Pierce's Purgative Pellets,
Sirs!

For nine-tenths of the diseases of the body begin with constipation or the clogging up of the sluice-ways, through which the impurities of the blood escape, so that they are reabsorbed into the system. The Purgative Pellets act gently but thoroughly upon the stomach and liver, and are the best laxative known. Without racking and straining the organs, they open the bowels and restore a natural, healthy digestion. Unequalled in dyspepsia, constipation, biliousness, piles, or any of the resulting diseases.

STILL UPWARD

Ed. Bryant Takes His Way.

Mr. Edward P. Bryant, for many years agent of the L. & N. Railroad in this city, was appointed Superintendent of Terminals of the Road last summer, with headquarters at Louisville, and in this way was brought into closer connection with the chief officials of the road, and as a consequence they were not slow to discover what a valuable man they have in him, and he was speedily promoted. He has been appointed Superintendent of Terminal Facilities of the L. & N. at East St. Louis, Illinois, and at St. Louis, Missouri, a position of much more importance, and of course carries with it a better salary.

Go on up, old man, until the top is reached, and when ever you get a new step remember that the friends here at your old home are as glad of it as you are.

Children Cry for Pitcher's Castoria.

Only a Rumor.

It is rumored that the L. & N. has purchased the Kentucky Midland, and will, at an early date, begin building it through Bourbon and Bath counties, and on through the mountains to Pound Gap. It is not generally believed that the deal has been consummated, but there seems to be little doubt that negotiations are pending.—Winchester Sun

There "seems" to be considerable doubt, in the minds of the officials of the Midland at least, about "negotiations pending," as they know nothing at all about the matter. Only a rumor, nothing more.

The pleasant effect and perfect safety with which ladies may use the California Liquid laxative Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co. printed near the bottom of the package.

Fit Your Eyes With Glasses.

Dr. Goldstein, one of the most experienced opticians in the State, is stopping at the Hotel Kenyon, and will be in the city for ten days for the purpose of supplying our citizens, who are in need of glasses, with a first class article. He fits glasses to any eyes and guarantees satisfaction. Call and see him at the Kenyon, or leave your address and he will call at your residence.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces, such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, and acts directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Sold by Druggists, price 75c per bottle.

The Little Tycoon.

"The Little Tycoon," with the fol-
lowing strong cast, will be seen at the
Opera House, Tuesday, March 8th:

Gen. Knickerbocker R. E. Graham.
Teedy Joseph Keeler.
Alvin Barry Robert Dunning.
Rufus Brady Geo. H. Brodick.
Montgomery Charles E. Graham.
Alvin Barry J. M. McQueen.
Alvin Barry J. M. McQueen.
Alvin Barry J. M. McQueen.
Alvin Barry J. M. McQueen.
Alvin Barry J. M. McQueen.

R. E. Graham, the original Knick-
erbocker, was simply inimitable, says
the Baltimore American. In this

role Mr. Graham has ample oppor-
tunity of displaying that ability
which has placed him in the front
rank of operatic comedians. He
convulsed the audience time and
again, and was particularly success-
ful with his topical song, "You
Can't Do It, You Know." Mr.
Joseph Mealey, the original Teddy,
is as humorous as ever, and came in
for a good share of the applause.
He has a good stage presence,
possesses a strong, pure voice and is
in every respect a very superior
operatic singer. He fairly won his
share of the encores. As Lord
Dolphin, Mr. J. P. McGovern has
very little to do, besides exclaiming
"Oh, ah!" looking foolishly English
and executing the Dolphin step. He
does all three well. Mahella Baker
was wonderfully vivacious and
"kittenish," and, as Miss Hurricane,
she scored a great success last night.
Laura Millard, as Violet, is a charm-
ing prima donna with a magnificent
voice, and received encores after
her singing of "Love Comes
Softly." The other members of the
cast have evidently been chosen
with much care, for there is not a
noticeable weak character in it.
The chorus numbers about thirty
voices, and they sang the many
sparkling melodies very tunefully
and with a commendable lack of
drugging. The costumes are rich
and very handsome, especially the
Japanese dresses, and the stage
setting is both appropriate and
elaborate. Its final scene, with its
scores of colored incandescent lights,
Japanese lanterns, banners, etc., is
one of the prettiest ever seen.

Outside Help.

They have each reached a period in
life when most females need assis-
tance in lifting them over the shoals

their after lives. In producing regu-

creased burdens, so many young girls

Favorite Prescription. If you have
reached the later period of danger
and weakness, you will need a bottle,
too. See wrapper on bottle for printed

The Old Original Remedy Leads.

Stick people should not be deceived
by pretenders who talk about "Mi-
crobi," "germs," "bacilli," etc., to
sell their preparations, thus prevent-
ing people from buying the original
tested medicine. "Radam's Microbe
Killer" is what you need. It is now,
and for years has been, making
more cures than all other remedies
combined. Read their advertisement
in this paper. Don't be deceived.

If you have a buggy, carriage or
set of harness which needs repairing
take it to the Kentucky Buggy and
Harness Company on east Broadway.
All work promptly executed. 15-17.

A MAD POET

rushed into a newspaper office recently,
and threatened to "clean out" the es-
tablishment, because they printed his
verses wrong. Said he: "I wrote, 'To
dwell forever in a grove of peace,' and
you idiots put it a 'pot of grease.'"
The mortified editor presented him
with a vial of Dr. Pierce's Pleasant
Pellets, a year's subscription and an
apology.

The little "Pellets" positively cure
sick and nervous headaches, bilious-
ness, costiveness, and all derangements of
the stomach, bowels and liver. It's a large
contract, but the smallest things in the
world do the business—Dr. Pierce's
Pleasant Pellets. They're the small-
est, but the most effective. They go to
work in the right way. They cleanse
and renovate the liver, stomach and
bowels thoroughly—but they do it
mildly and gently. You feel good when
they do—but you don't feel them do-
ing it.

They're the cheapest pill you can
buy, because they're guaranteed to give
satisfaction, or your money is returned.
You only pay for the good you get.
That's the money plan all Dr.
Pierce's medicines are sold on, through
druggists.

The Most Successful Remedy ever de-
vised, as it is certain in its effects and does not
blister. Read proof below:

DOWN, DOWN!

Down come the prices from every article throughout our house. We want to have a general clean up and are offering some reliable merchandise at prices that ought to awaken an echo in the pocket of every prudent purchaser. You are well aware that prices standing alone mean nothing; it is our standard quality standing behind our extremely low figures that wins trade. In our establishment truth stands erect with quality in one hand and low prices in the other.

Sages and wise men, from Solomon down, tell us that economy is the basis of wealth, therefore patronize,

Tough on Toke.

The following appeared in the notice of the Patti concert in the Louisville Times of Tuesday:

The State Capital was well represented. The Governor was unable to come down and Judge Lindsay, for a wonder, was not there. Round and jovial Lieut. Gov. Alfred, with his mustache curled in true Italian fashion, was in a box surrounded by a bevy of loveliness. A red-faced, red-headed little man, with pale eyes, a perpetual smile and a face that resembled an Italian sunset, sat in a prominent seat in the dress circle. A post was near him and the four mirrors around it showed many red-faced, red-headed little men to the audience. "Do you see that man?" said somebody to the writer. "He is the ugliest man in the house, and he would come near taking the booby prize at any show for homely men. He is Toke Franklin, of Frankfort, and sings in a church choir up there. Let his voice be cultivated and he would be one of the greatest singers of the age. Like Guille he is not much to look at, but his tenor is a wonder."

John S. Edwards.

Of Adams, N. Y., makes the following sworn statement: Kenyon & Thomas: This is to certify what I know your wonderful medicine, Dr. Hale's Household Ointment, will do in cases of pneumonia. Last winter my mother, who is 75 years of age, was sick unto death with pneumonia. Both lungs were badly involved. The attending physician said she must die. As a last resort we commenced using your Dr. Hale's Household Ointment, applying it freely and thoroughly to the chest, keeping the lungs covered with hot fannels. She soon began to improve and in twelve hours the crisis was passed and she was out of danger and is alive and well to-day. Your great remedy saved her life. JOHN S. EDWARDS.
